REPORT OF THE SECRETARY OF THE INTERIOR.

The following abstract of the interesting Report of Mr. Stuart, the Secretary of the Interior, we copy from the Republic:

The report commences with a summary of the varied and important duties devolved on the Department; alludes to the vagueness of the act of Congress which created it, and recommends further legislation to define with precision its duties and powers, and also to remedy the incongruity in the law in reference to its designation.

The estimate of expenditures for the next fiscal year exceeds that for the present $1,-728,670 63. The causes of this excess the Secretary fully explains. The endeavor has been to cover the whole amount of the probable expenditure for the fiscal year, so that there may be no necessity in future for estimating for deficiencies, unless upon some unforeseen contingency.

The beneficiaries under the laws designed to provide for the soldiers of the Revolution and their widows are rapidly passing away. But the number of pensioners under other acts has been considerably augmented in consequence of the war with Mexico. The whole amount expended for pensions during the past year, is estimated at $1,400,000.

The whole number of land-warrants issued for services in the revolutionary war is 12,-588; in the war of 1812, 28,978; number of claims for land-warrants and scrip in lieu thereof, for services in the Mexican war, 84,705. The number of claims already presented under the Bounty Land law of September last, up to the 5th of November, was 9,418, and the number is increasing rapidly. It is estimated that the whole number of claimants will be about 250,000. It will thus be seen that this is by far the most important Bounty Land Law that has ever been passed. All necessary arrangements have been made to insure its prompt and efficient execution. Forms and instructions have been prepared, and assurance given, that every proper facility will be afforded for the establishment of just demands under the law. Plates have been ordered to be engraved for printing the warrants, and every precaution has been adopted to guard against fraud and forgery. These plates will soon be completed and there need be no delay in commencing the issue of the warrants.—The warrants, having been decided to be not assignable, cannot be made available to the holders until they have been located and patented. As this process will require considerable time, it is proper, in order to insure the enjoyment of the bounty by those for whom it was intended, that no necessary delay should be encountered. To avoid this evil the Secretary recommends that provision be made for the employment of two or more efficient clerks, and such temporary assistance as may be required, from time to time, to investigate the claims of applicants.

The Report of the Commissioner of the General Land Office exhibits some very interesting facts. The surveys of the public lands have been pushed forward with commendable activity. The aggregate amount of lands sold, located by warrants, and otherwise disposed of in the 1st, 2d and part of the 3d quarters of 1850, is 2,815,366,42 acres. The public lands have been a rich source of revenue to the Government, averaging one and a quarter millions of dollars per annum for the last fifty years, over and above all costs and expenses. Among the most prominent subjects claiming the attention of Congress, is the necessity of extending our land system over our possessions on the Pacific. The appointment of a commission is recommended to adjudicate conflicting land claims in California.

With regard to the mineral lands, the Secretary recommends that they be divided into small tracts, and sold in fee simple to the highest bidder at public auction. The extent of the lots should depend on the apparent richness of the mines; but they should be small enough to afford persons in moderate circumstances an opportunity of becoming bidders.

Our relations with the Indians will demand the prompt attention of Congress. The annexation of Texas and the treaty with Mexico have added about one hundred and twenty-four thousand persons to our Indian population—many of them fierce in their disposition, and predatory in their habits. Agents have been appointed for the Indian tribes of California and Oregon; and two special agents have been commissioned to co-operate with the resident agent in Texas in conciliating the Indians of that State. Three commissioners have been appointed under the same act to accompany the Mexican Boundary Commission, for the purpose of obtaining

information in regard to the tribes on our southwestern frontier, and, if possible, to establish friendly relations with them. It is to be regretted that no authority was conferred by law for the establishment of resident agents in New Mexico. The Indians of that country are the most savage within our boundaries. It is essential for the fulfilment of our treaty stipulations, as well as for the protection of our own citizens, that agents should be sent among them, who can exercise a restraining influence over them. The necessity for this measure has been painfully illustrated by the outrages committed upon our citizens travelling to and from Santa Fe, as an instance of which the attack upon Mr. White and his party is mentioned.

HOUSE OF COMMONS.

FRIDAY, Dec. 13th, 1850.

Journal of yesterday read and approved.

An engrossed Bill from the Senate to incorporate the Charlotte and Taylorsville Pland Road Company, was read first time and passed.

A resolution from the Senate in favor of John H. Wheeler, granting him the use of the State Library for twelve months, to aid him in completing his work on North Carolina, was read and adopted.

A message was received from the Senate agreeing to the propositions of the House to print the report of the Adjutant General, and to appoint a committee to inform Mr. Reid of his election as Governor.

The engrossed Bill, with an amendment, from the Senate, concerning Jury trials in the county of Buncombe, was read and laid on the table.

Mr. Eaton objected to the amendment as unjust to the security for an appeal, and said he believed it would be inoperative. Securities for an appeal in the Superior Court should not be bound for costs in the County Court. With this amendment he would vote againt the bill. On motion of Mr. Avery, the bill was laid on the table.

An engrossed bill from the Senate, entitled a bill concerning duties of Sheriffs, passed its first reading.

Mr. A. H. Caldwell introduced a bill to incorporate the Salisbury and Taylorsville Plank Road Company. Passed first reading, and referred to Committee on Internal Improvements.

Mr. Farmer introduced a bill to incorporate a Division of the Sons of Temperance; which passed its first reading, and was referred to the Committee on Private Bills.

The bill to incorporate the Piedmont Plank Road Company, and the bill to amend the act of 1848-'9, to incorporate the Turnpike from Salisbury to the Georgia line, which had been before referred to the Committee on Cherokee Bonds, after a reconsideration, were referred to the Committee on Internal Improvements.

On the question of reconsideration, some discussion arose principally between Mr. Hayes and Flemming. Mr. Hayes having understood Mr. Flemming to have brought a charge of a serious nature against him, said he would demand an investigation, and begged to be excused from serving on the Committee on Cherokee Bonds. Mr. Flemming disclaimed having charged him or any body else with corruption, and withdrew the objectionable remark, whereupon Mr. Hayes withdrew his motion to be relieved from services on the Committee.

Mr. Hayes moved that the Bill affording relief to purchasers of Cherokee lands be made the order of the day for Thursday next, which was agreed to.

Mr. Fonville introduced a Bill to incorporate Lafayette Lodge No. 18; which passed its first reading, and was referred to the Committe on Private Bills.

[As the provision of these bills have been before noticed, it is not deemed necessary to state them here.]

Mr. Foster, of Davidson, then addressed the House in a very sensible and forcible speech in support of his bill.

[We may hereafter prepare from our notes, a more extended notice of Mr. F.'s views on the question.]

After Mr. F. had concluded, Mr. Wilson moved that the question first be taken on striking out, and called for the yeas and nays. Before the question was taken, however, a motion to postpone until to-morrow prevailed.

REPORTS FROM COMMITTEES.

Mr. Barnes, from the Committee on the Judiciary, reported the Bill to make Real Estate assets, with a verbal amendment making the remedy by scifa to extend to "devisee and devisees," and recommended its passage. Amendment adopted, and the bill passed its second reading.

Mr. Eaton, from the Committee on the Judiciary, returned the Bill to give the election of Clerks and Masters in Equity to the people, to the House, with an able report against the bill recommending its rejection. The bill was laid on the table, and was ordered to be printed together with the report.

Also, on the bill to amend an act, entitled "an act to authorize the inspection of provisions," passed at the session of 1848-'49, with an amendment, which was concurred in. The bill passed its 2d reading.

Mr. Saunders offered a resolution proposing to raise a Select Committee to take into consideration so much of the Governor's Message as relates to the Raleigh and Gaston Rail Road, and other matters in relation thereto; which was adopted.

[Judge Saunder's Resolution provides:

1st. To authorize the Committee to open negotiations with the old Stockholders as to their liabilities to the State, and for which suits are now pending in Wake Superior Court.

2nd. To inquire into the expediency of disposing of said Road to said Stockholders or to such other persons as may be disposed to contract for the same.

3rd. That they may further inquire into the expediency of re-organizing said Company with a capital of $700,000, one moiety of which shall be owned by the State, estimating her present interest at $350,000, the other part to be taken by the old stockholders, on condition that the State shall release, from their present liabilities, all such as shall subscribe an amount equal to what they may have held in the old Company. A message was received from the Governor transmitting the report of the President and directors of the Board of Internal Improvement.

The House adjourned.

DAILY ISSUE.

Saturday Morning, Dec. 14th.

YESTERDAY.

The detailed report of proceedings under the appropriate heading will fully explain the nature of yesterday's Legislative doings.

It will be perceived, that the debate on the question of Amendment of the Constitution, was commenced by Mr. FOSTER, of Davidson, in an effort, which we have heard highly spoken of on all hands. Mr. F. is a gentleman of rising reputation, and no less esteemed for his correct views and decided abilities, than for his uniform courtesy and urbanity of manners.

We shall be able, when the present press on our columns is over, to present a sketch of Mr. F.'s remarks, and of all subsequent discussion that may arise on this exciting subject.

A HARD BLOW.

During the debate on Thursday, in the House of Commons, Mr. Sherard, of Wayne, said that he and his constituents were out and out opposed to Internal Improvements, but that he was not a repudiator, nor did he think that the resolution then under discussion tended to repudiation. Mr. Erwin, in noticing his remarks, said, that he believed the gentleman was honest, but he could very readily conceive how a man, who held such sentiments on the subject of Internal Improvements, as the gentleman from Wayne did, could be led into the doctrine of repudiation *and not know it!!*

We must commend to the serious attention of this gentleman from Wayne, the following extract from the excellent work of MASON, on "Self Knowledge:"

"The greatest weakness in man is, to publish his follies and to appear fond to have them known.—But vanity will often prompt a man to this; who, unacquainted with the measure of his capacities, attempts things out of his power and beyond his reach; whereby he makes the world acquainted with two things to his disadvantage, which they were ignorant of before, viz: his deficiency, and his self ignorance in appearing so blind to it."

☞ THE DIRECTORS of the Central Rail Road are still in session in this City. We learn that nothing of especial importance has as yet transpired. It is understood, however, that the Report of the Chief Engineer has been submitted, and that it expresses the decided opinion that $3,000,000 will be *amply* sufficient to finish the work. So far, so good. It is probable that the Board will adjourn sometime to-day.

The Republic says that Mr. Giddings' attempt to get up an excitement in the House of Representatives, was received with scorn and contempt by the House—and that it was a complete failure.—His assault upon President Fillmore, will only add to the hold that the President already has, upon the good wishes of his countrymen.

A Washington correspondent of the Baltimore Clipper says: "The report started in the Sun, by one of its Washington correspondents, that the President had written the Governor of South Carolina, is without foundation."

Three contiguous Counties of Western New York, says the Niagara Courier, now furnishes a President of the United States, a Postmaster General, a Comptroller and Governor elect, and Lieutenant Governor elect, of the Empire State, viz: Millard Fillmore and N. K. Hall, from Erie County, Washington Hunt, from Niagara, and Sanford E. Church, from Orleans.

The Philadelphia Ledger has the following:—"Md'lle Jenny Lind, previous to her departure from this city, contributed $200 to the Southwark Soup Society, through the Rev. John C. Clay, pastor of the Swedes' Church." Who wouldn't "take soup" now!"

The Bonds of the Ohio and Pennsylvania Railroad, to the amount of $500,000, have been taken at New York, at rates ranging from 91 15 to 92 50. In addition to the above sum there were unsuccessful bids to the amount of $741,000, at rates ranging from 89 to 92 25.

ACCOUNTS FROM WASHINGTON.

The reports we have from Washington, both from those who oppose and those who desire action by Congress upon any of the peace measures of the last session, agree that nothing will be done with them. They will stand, as they are, superior to all opposition which may be made to them in Congress.

It will not escape the attention of any one, who looks into the matter, that this confidence that Congress will do nothing with the exciting questions which were settled at its last session, is every where having a decidedly happy effect. It silences the factionists at the North, who, but a short while ago, were so reckless and inflammatory in professions of what they intended to do in violation of the law; and it confounds the disunionists of the South, who had predicted that Congress would yield before the clamor of the factionists.—*Baltimore Patriot.*

Senators Foote and Downs were received with great enthusiasm at the City Hall, in New York, on Monday. They both made strong Union speeches on the occasion. Mr. Foote said that the faithful execution of the Fugitive Slave Law, the rejection of the Wilmot Proviso, and non-interference with the slaves in the South were essentially necessary to secure Southern adherence to the Union.

There was a caucus on Saturday night of the free-soilers of the House of Representatives, says the Union, among whom Messrs. A., C., G., J., K., M., and T. were present, but Mr. W. was "not *thar.*" There was some little division in this Cato-like "little senate;" and the longest head among them advised his associates not to singe their fingers in the fugitive law flame—otherwise, they at some distant day might pass as disunionists.

Those Northern politicians, who call themselves Whigs, and are allied to the mischief makers and abolitionists, cannot any longer preserve their party connection with the Whig party, or with the friends of the present Administration. A distinctive feature of the Administration policy, indeed we may say, its prominent feature in its domestic policy, is acquiescence in the Compromise measures of the session of Congress, and a determination to stand by and carry out all the laws composing that series of measures. Whoever, therefore, at the North opposes his adjustmen or seeks to overthrow it, is an enemy to the Administration, and must sooner or later, unite with its enemies The sooner, they do so the better. They ought at once to doff the name of Whig It does not belong to them—and abolitionists, and nullifiers, cannot conceal their treasonable designs under that honored appellation.

An ingenious mechanic of Cincinnati has recently invented a churn, which is said to excel any thing of the kind now in use. It is capable of making butter of the best quality in from four to five minutes.

The House of Representatives of South Carolina adopted on the 5th instant a resolution authorising the Military Committee to enquire into the expediency of fortifying Beaufort and Georgetown.

There is a report, brought by a gentleman from the South, that the legislature of Mississippi has postponed till the next autumn any decision upon the question of a call of a convention in that State. Should this be the case, it is probable that South Carolina will also postpone any conclusive action on the question of secession.

"I say, captain," said a little keen-eyed man, as he landed from the steamer Potomac at Natchez, "I say, captain, this here ain't all.

"Them's all the plunder you brought on board, anyhow."

"Well see now, I grant it's O K accordin' to list, four boxes, two chests, two han'boxes, a pormanty, two hams, one part cut, three ropes o' inyans, an a teakettle, but you see, captain, I'm dubersome, I feel there's somethin' short. Though I've counted 'em over nine times an' never took my eyes off 'em while on board—there's somethin' not right, somehow."

"Well, stranger, time's up: them's all I know on; so just fetch your wife an' five children out of the cabin, as I'm off.

"Them's 'em! darn it, them's 'em! I know'd I'd forgot somethin'!"

A Washington letter notes a report that the Hon. Daniel Webster had been retained by the city of New Orleans, as one of its Counsel in the McDonogh will case.

Jenny Lind had a brilliant and enthusiastic reception at her first concert in Baltimore on Monday night. The house was crowded, and many persons were present from the surrounding country.

The Richmond Times says that Jenny Lind is to give a Concert in Richmond on the 20th instant.

Ministers intend, immediately after the re-assembling of Parliament, to introduce a measure for the extension of the electorial qualification in cities, boroughs, and counties.

The Emperor of Russia has resolved to have copies, in default of the originals, of all the great paintings of the old masters of all schools; and he is at present causing to be copied in Venice two great works of Titan: "The Assumption" and "The Martyrdom of St. Stephen." His majesty pays liberally, as much as £800 or even £1,000 per copy. For sixteen portraits or sketches of Titan he gave not less than £20,000.

Mr. Gibson, the celebrated sculptor, who resides at Rome, has received the commission for the statue of her Majesty, to be placed in the new palace of Westminister.

The Cholera is raging at Cephalonia. Out of a thousand cases, five hundred have terminated fatally. It has not, and never has, penetrated into Greece; but a severe fever is doing great damage there.

PRINTERS' NATIONAL CONVENTION.—This body was adjourned to meet in Baltimore on the 12th of September next. Resolutions were adopted against the establishment of a Government Printing Office and the present mode of giving out the public printing by contract; also recommending Congress to withhold it from all persons who are not practical printers.

PRINTER'S LANGUAGE.—Every profession has its technical terms, and of course the printers have a "small smattering," which is intelligible only to the craft. The following (says the Delaware Republican) is a specimen; it don't mean, however, as it would seem to be uninitiated:

"Tom, put General Washington on the galley, and then finish the murder of that young girl you commenced yesterday. Set up the ruins of Herculaneum; distribute the small pox; and you needn't finish that runaway match; have the high water in the paper this week. Let the pie alone till after dinner; put the barbecue to press, and then go to the devil, and he will tell you about the work for the week ensuing."

Not much wonder that Dr. Faustus was burned for inventing such a diabolical art.
